The *Gospel Trumpet* in every Church of God home.

This weekly journal of vital Christianity is many things to many people. It is a visitor, a preacher, a builder, a guide, a teacher, companion, and friend. It inspires, informs, brings conviction and conversion. It does all this while carrying God's truth throughout its pages.

The contents of the *Gospel Trumpet* are widely varied and designed for spiritual growth. Articles concerning the Christian faith are carried in its pages as well as news of Christianity around the world. Book reviews, guides for worship and study, and helps for the Christian family are a few other features which the *Gospel Trumpet* regularly brings to you.

FOREWORD

This Yearbook is not intended as an ecclesiastical document but as a practical handbook of information for busy pastors, agency executives, state leaders, and others whose responsibilities require contact with other churches and ministers.

It is the intention to list in this Yearbook the ministers and churches in the United States (and its possessions) and Canada. It does not list national ministers in other parts of the world, even though the churches may be indigenous.

Also given here are reports of those agencies of the church which are subject to the General Ministerial Assembly of the Church of God. Bona fide and duly organized groups in states or areas are also listed with their projects and activities.

It is hoped that this statement of purpose and scope will help to create understanding and increase the usefulness of this yearly publication.

The office staff joins me in expressing appreciation for suggestions that are made for its improvement, and assuring you that these suggestions are carefully studied and will be incorporated in this Yearbook as they are found to be possible and practicable.

Respectfully,

R. Eugene Sterner

Director of Church Service

THE GENERAL MINISTERIAL ASSEMBLY OF THE CHURCH OF GOD

The Church of God has a mission in the world—a mission to share the saving message of Christ with “all the world.” This mission is predicated upon the great commission “Go ye into all the world . . .” and upon loving obedience to that call. It is a mission motivated also by a vital concern flowing forth from redeemed hearts seeking to share the saving message of Christ with lost men.

The Church of God is composed of many people in many congregations scattered all around the world. The GENERAL MINISTERIAL ASSEMBLY is the most representative body within the Church of God through which its world mission and concern can be expressed unitedly and its world-wide work can be approached co-operatively.

The co-operative world-wide work in the main is carried on by duly authorized boards and agencies serving to help all our churches do together what they could never accomplish separately. Through the GENERAL MINISTERIAL ASSEMBLY, our world-wide agencies are set up, and to them was delegated responsibility for particular areas of co-operative work.

These agencies are:

The Executive Council

Missionary Board

Board of Church Extension and Home Missions

Anderson College and Theological Seminary

Warner Pacific College

Board of Christian Education

Gospel Trumpet Company

Board of Pensions

Radio and Television Commission

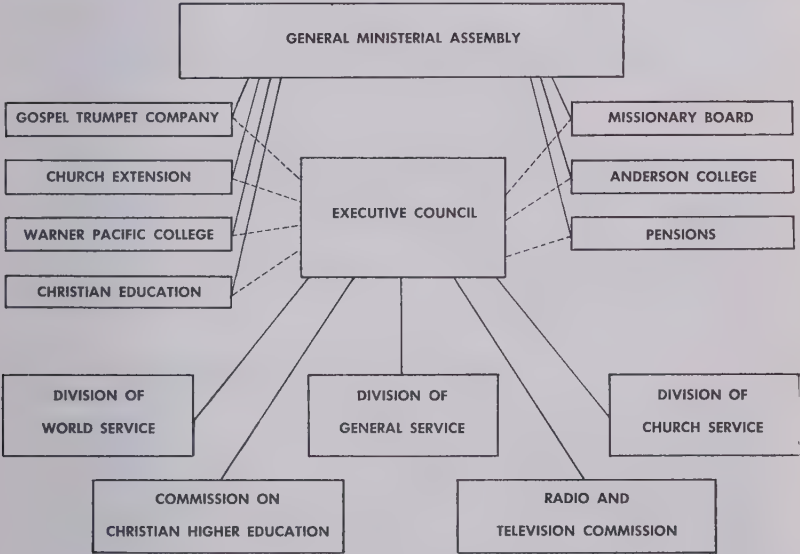

The GENERAL MINISTERIAL ASSEMBLY gives direction and guidance to these Boards and Agencies in the following five ways:

1. **Establishment of Policies.** Through charters, articles of incorporation, constitutions, and bylaws, the GENERAL MINISTERIAL ASSEMBLY defines the areas of work of the particular agency, its scope of activities, its powers, duties and limitations.
2. **Elections.** The ASSEMBLY delegates authority for action in particular areas of its work through the election of responsible persons to serve on its boards and agencies. Through these elections to duly authorized boards, work in particular assigned areas of the church's concern can be carried on effectively.
3. **Ratifications.** Through periodic ratification of the chief executive of each board or agency, the ASSEMBLY approves the delegation of responsibility to that person. This is done at the beginning of each term of office of that chief executive.

4. **The Right of Review.** Through annual reports which are required from each board, the ASSEMBLY may review the work of that board periodically. Through its Executive Council the work of that board is coordinated with that of other boards. The ASSEMBLY also on occasion has exercised the right to review the work of the particular board through the appointment of a special study committee or commission. Thus the ASSEMBLY may satisfy itself that the work assigned is being carried on in accordance with the established policies of the ASSEMBLY.
5. **Adoption of Annual Budget.** Through its adoption of the annual budget, the ASSEMBLY continues to support and give guidance to the various areas of work assigned to particular boards and agencies.

In these ways, the concerns of our churches and people find expression through the GENERAL MINISTERIAL ASSEMBLY and through its properly authorized boards, and through the members elected to these boards in giving guidance to the various aspects of the church's world-wide work.

Working Relationship of General Ministerial Assembly and Its Agencies

EXECUTIVE COUNCIL OF THE CHURCH OF GOD

There are aspects of the complex work of the church that are outside the specific administrative functions of the general boards. To provide for all such activities as well as to co-ordinate the varied work carried on by eight agencies, the GENERAL MINISTERIAL ASSEMBLY has created the Executive Council.

In 1932 the General Ministerial Assembly authorized the organization of an Executive Council to represent the Church of God and the General Ministerial Assembly in legal matters. In 1947 the Assembly set up a study group called the Commission on Revision and Planning to study ways for bringing about a closer co-ordination of the work and activities of the church. As a result of this study, the General Ministerial Assembly in 1954 amended the Articles of Incorporation of the Executive Council and again in 1956 took further action enlarging both its membership and its responsibilities.

As a result of these actions, the membership of the Council was enlarged from fifteen to twenty-six members. Sixteen of these members are elected by the General Ministerial Assembly and are not to be members or employees of any of our general boards. In addition to this, three officers of the General Ministerial Assembly, the Chairman, the Vice-Chairman, and the Recording Secretary, and one representative appointed by each general board make up the Executive Council.

With 19 members representing the General Ministerial Assembly and seven members representing the general boards, the Executive Council provides a "round table" around which all of the general interests of the church may meet for creative planning, for promotion of our World Service work, for better co-ordination of the work, and better service to the church. Thus, it provides an avenue through which the General Ministerial Assembly and the boards discuss their mutual interests and share their mutual concerns.

The Council also serves as an "interim committee" to carry out the directives and work of the General Ministerial Assembly throughout the year. It thus provides an avenue through which the co-operative work of the church on the national level may move forward in one unified effort.

The boards represented on the Council are:

Missionary Board of the Church of God
Board of Church Extension and Home Missions
Anderson College and Theological Seminary
Board of Christian Education
Gospel Trumpet Company
Board of Pensions
Warner Pacific College

The responsibility of the Council was enlarged to include the work formerly carried on by:

The Executive Council
The World Service Commission
The Clergy Bureau
Ministers' Aid

Additional responsibilities were assigned providing for better co-ordination, public relations, and long-range planning.

The new enlarged Executive Council is now in its sixth year of service. Each year the Council seeks to serve the church better. To that end, we solicit your earnest prayers.

PURPOSE

The purpose of the Executive Council may be stated as follows:

1. To represent the Church of God and its General Ministerial Assembly in legal matters; to serve as a co-ordinating council for the General Ministerial Assembly; to promote the general welfare and co-operative work of the Church of God; and to exercise leadership in the interest of this work.
2. To co-ordinate the promotional and fund-raising activities of the Assembly's general agencies; to bring together all their needs in one fair and equitable budget to be presented to the Assembly for adoption.
3. Through its Division of World Service it shall serve as the general agency through which the church supports all phases of the general work proportionately. It shall bring before the church these general needs and bear primary responsibility for raising the annual budget approved by the General Ministerial Assembly.
4. It shall be alert to needs, trends or growth in possible areas of new endeavor and according to its discretion to make recommendations to the General Ministerial Assembly for properly developing and relating the same to the organizational structure of the church.
5. It shall serve to co-ordinate the services offered by the various agencies to the church at large; to co-ordinate the askings from the church; and to serve as co-ordinator among the boards and agencies. It shall not, however, have power to make decisions within the prescribed fields of work delegated to a member agency by the Assembly.

Throughout the year the Executive Council functions through an Executive Committee of seven members and an Executive Secretary, and its work is carried on through Divisions and Commissions. Charles V. Weber is Executive Secretary.

DIVISIONS

In three areas of work this Council functions through Divisions:

1. The **Division of General Service** is responsible for inter-agency relations, public relations, general co-ordination of our national church work and general long-range, creative planning for co-operative action.
2. The **Division of World Service** is responsible for promotion and fund raising in the church and bears primary responsibility for raising the annual budget to meet the needs approved by the General Ministerial Assembly.
3. The **Division of Church Service** is responsible for Ministerial Aid, registration, and the preparation of the Yearbook. This is the area in which the Executive Council as such tries to be of service to the churches. In this area it may conduct studies and surveys to place before pastors and leaders pertinent information on the life and work of the church, and be responsible also for co-ordinating the services offered to the church at large.

COMMISSIONS

For the purpose of co-ordination and administration in specific areas of work not already delegated to other boards, committees or divisions, the Executive Council may function through Commissions authorized by this Council.

Radio and Television Commission. This Commission bears the responsibility for the production and distribution of the Christian Brotherhood Hour and any other nationally sponsored radio or television program for the Church of God. The members of this Commission are seven in number nominated by the Executive Council and elected by the General Ministerial Assembly.

Commission on Christian Higher Education. This Commission is dedicated to the belief that Christian Higher Education is an integral function of the Church. The membership of this Commission is composed of administrators, educators, and pastors all interested in this important phase of God's work. The Commission proposes to carry on research (and to make information available) which will expedite the educational program of the Church.

EXECUTIVE COUNCIL

CHURCH OF GOD WORLD SERVICE

A Division of the Executive Council

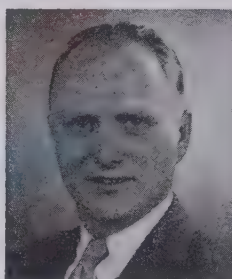

The purpose of the Division of World Service is fourfold.

1. To co-ordinate the promotion and solicitation of all boards.
2. To promote all the general causes throughout the churches.
3. To prorate funds to all boards, based on the approved budget.
4. To educate in stewardship and church finance.

A committee, composed of the chief executive of each of the general Boards, meets regularly to supervise and co-ordinate the general promotional work of the church through the World Service Office. They choose an Executive Director to administer this work. Additional staff members implement this work.

Approved World Service Budget for 1960-61

The Executive Council receives from each member Board an annual statement of the Board's proposed asking with justification for the asking, anticipated income, present program, and expansion plans. From these Board presentations, it arranges an equitable budget for undergirding the proposed program of the Boards. This proposed budget is then presented to the General Ministerial Assembly for adoption and support by the churches. The following budget was approved in June, 1960:

Foreign Missionary Work	\$ 515,000
Church Extension and Home Missions	243,000
Anderson College and Theological Seminary	203,000
Warner Pacific College	90,000
Christian Education and Youth	98,000
Free Literature	23,000
Ministers' Pensions	49,000
Christian Brotherhood Hour	51,000
Ministers' Aid	15,000
Anderson Campground and Camp Meeting Costs	30,500
Stewardship for Local Churches	6,500
World Service Information and Promotion	99,250
Treasury and Congregational Records	13,500
G.M.A., Executive Council, Service to Churches	46,460
Special School of Theology Project	100,000
Total World Service Budget	\$1,583,210

WORLD SERVICE DISTRICT REPRESENTATIVES

(DAY-Men)

The following pastors are World Service representatives selected in their districts. Through these ministers the promotion of World Service is put on a pastor-to-pastor basis. The information and inspiration shared through their total church contacts make for better understanding and unity. The term DAY-Man comes from the initials of Dollar-A-Year, that they receive as token honorariums.

ENCOURAGE YOUR PEOPLE TO MAKE A CHRISTIAN WILL

A Good Stewardship life includes the right use of resources during life and the right disposition of material resources at death. For this reason many good Christians desire information on how to make gifts or bequests to various agencies of the church.

In making gifts or bequests to the Church of God, or any of its agencies, it is essential to use the correct legal name of the organization to which you want to give your support. The following are the official names and functions of several of the major church agencies. Your pastor or attorney can obtain the correct names of any others to which you want to give.

If the donor wishes to leave his gift so all the general causes in **WORLD SERVICE** will benefit, the name used should be:

Executive Council of the Church of God, Anderson, Indiana, an Indiana Corporation.

The Executive Council of the Church of God is the legal agency of the church which is authorized to receive gifts or bequests for the church as a whole or any of its agencies. If desired, gifts may be made directly to any of the following boards or agencies:

Missionary Board of the Church of God, an Indiana Corporation, Anderson, Indiana.

Gifts left in the name of the Missionary Board will be used in the world-wide missionary program of the church.

Board of Church Extension and Home Missions of the Church of God, a non-profit religious corporation, of the State of Indiana.

Gifts left in the name of this board will be used in one of the several departments of its work, or it may be divided between the various departments.

Anderson College and Theological Seminary, Anderson, Indiana, an Indiana Corporation.

Gifts left to this institution are used in the very important work of training ministers and workers, missionaries, and many others for life and their life's work.

Gospel Trumpet Company, Anderson, Indiana, an Indiana Corporation.

This is the Publication Board of the Church of God, and funds left for it are used in the places most needed within the responsibility of the Company.

Board of Christian Education of the Church of God, Anderson, Indiana, an Indiana Corporation.

This board's work is with children, youth, adults, and Christian families, along with the vital training of Sunday school teachers for their work.

Board of Pensions of the Church of God, of Madison County, State of Indiana, a Corporation under the laws of the State of Indiana.

Gifts made to this board are used to help the older ministers by supplementing their pensions.

Warner Pacific College, Portland, Oregon, an Oregon Corporation.

This school gives itself to the training of Christian ministers and workers. All gifts going to it are used in the carrying out of its program.

Radio and Television Commission, Anderson, Indiana. This Commission of the Executive Council is charged with the responsibility of carrying on a nation-wide radio ministry. Since it is not a corporation, those wishing to leave gifts for its ministry should name it as follows:

Executive Council of the Church of God, Anderson, Indiana, an Indiana Corporation. State that it should be used for Radio Commission.

Your local church. To leave gifts to your local church, your pastor, local attorney, trust officer, or banker will be glad to furnish the proper legal name.

CHURCH SERVICE

Church Service is a Division of the Executive Council of the Church of God. There are seven members on this Division, and it is responsible to the Executive Council. Its purpose is just what the name implies—service to the church. In its scope of work are such responsibilities as these:

1. Registration of all ministers and churches for the Yearbook, published at the beginning of each calendar year.
2. Compilation of adequate, up-to-date records on both ministers and churches, for purposes of information and reference.
3. Endorsement of chaplains and continuing contact with them.
4. Assistance to bona fide ministers in procuring transportation consideration, passes, and reduced fares.
5. Research and surveys on the life, work, and progress of the church, and keeping statistical records.
6. Assistance to churches in finding suitable pastors, and to ministers in finding suitable opportunities.
7. Administration of Ministers' Aid.
8. Certification of congregational and ministerial standing.

The general policy of Church Service is that of improving working relations in the church by such means as the following:

1. By seeking to clarify working relations between the pastor and congregation; doing research, study, and writing to this end.
2. By helping to clarify the "image" of the ministry, dignifying that holy office.
3. By assembling data and statistics in such time and manner as will be of maximum help to pastors and agency administrators in their planning and work.
4. By being related, resourcefully, to the church as a whole, and by providing a contact point for sources of information beyond its own office.
5. By assembling adequate information concerning both ministers and churches, which may be drawn upon at any time, especially at the time of pastoral changes.
6. By developing working relationships with each state or area ministerial assembly through the Credentials and Advisory Committee, with the understanding that, while information is assembled at the office of Church Service, guidance and recommendation will be given by ministers who are close to the local church.

Your Help Is Needed...

New expansion areas need churches! Recent surveys show that established as well as new congregations will be spending millions of dollars in the near future for church buildings. Here is real opportunity for the Church of God to carry the witness if we move at the right time and with enough resources to get a sound start.

Board of Church Extension and Home Missions now offers you the new Church Building Investment Certificate, with interest at 4% annually on a five-year investment. You have maximum protection and there are ample reserves that insure prompt payment of principal and interest.

Write now to: Treasurer, Board of Church Extension and Home Missions of the Church of God, P.O. Box 69, Anderson, Indiana.

COME . . . LET US PLAN AND BUILD TOGETHER

Informed

Your Board of Church Extension and Home Missions Staff are involved in studies and conferences that are national and international in scope and are informed on methods, trends and effective services in church building.

Trained and Dedicated

The staff members are individually trained for their respective services and are called and dedicated servants of the church.

Inexpensive and Without Profit

Nothing is done for personal gain or Board profit. It is a service from which the local church benefits. When fees are charged they are based strictly on cost and not on commercial rates, and are well within the budget range of small and growing congregations.

On Call

The Board is so situated that it can readily be contacted and its services used in every kind of building situation.

Complete

"Together We Build" is the theme of our church building program. The services of Church Extension are rounded out to meet the total building needs of growing churches.

IN ONE YEAR the Church Building Department raised in cash and pledges more than \$1,000,000, helped plan churches representing a combined construction cost of over \$2,000,000, and made or helped arrange loans for purchase or new construction of not less than \$800,000, besides answering hundreds of letters and having numberless personal interviews in general consultation on building problems.

Providing Peace of Mind for the Ministry . . .

By reducing to a minimum the fears and feelings of insecurity about the future through a threefold guardianship plan, the Board of Pensions is helping to build a stronger ministry. Many a minister knows the satisfaction that comes from a feeling of security for the years ahead made possible by the promise of an adequate pension.

Through careful stewardship, coupled with the resources of specialized help, the Board of Pensions is endeavoring to underwrite a sound retirement income for our ministers. To keep pace with our growing ministry a threefold protection plan is now available:

1. *Regular Pension at retirement*
2. *Disability pension, if disabled before retirement*
3. *Group Life Insurance*

More churches, pastors, and other full-time church employees are coming to recognize the full meaning of this special ministry and are finding peace of mind for the future through this tailor-made plan for Church of God ministers.

For further information as to how your Church Pension Plan can serve you, write to: Pensions, Box 999, Anderson, Indiana.

Year in Service to You!

The purpose of the Gospel Trumpet Company is to produce Christian literature that will teach, challenge, inspire, guide, and evangelize those coming in contact with the Church of God. To this end the skills of writing, editing, and of printing craftsmanship are dedicated.

The steady growth of the company and the widespread acceptance of its products are indicative that the combination of dedication and craftsmanship has not gone unnoticed.

Regardless of your needs, and those of your church and Sunday school for religious and church supplies, look to the Gospel Trumpet Company . . . we are here to serve YOU!

Book Plan for your church

Try our consignment plan . . . it has been effective in bringing Christian reading into many congregations and homes. Use it in connection with conventions and evangelistic campaigns. Through this plan, your church, youth group, or missionary group can raise needed funds for any project of their choosing, while they distribute good Christian literature throughout your church and community. Would you like to have a display of books and merchandise in your church for 60 days, with permission to return the unsold merchandise? Write for brochure which explains this plan in detail. This is our special service to you . . . please use it!

A DECADE OF GROWTH

"Membership" in the Church of God is intended to indicate the number of Christian people actively participating in the life and work of the church. The interpretation of this term has tended to grow more conservative in the last decade.

Based upon statistics gathered in 1950 and 1960, some comparisons can now be made with our country's census in those same years.

While total population is up by 18% over 1950, our church membership has increased by approximately 46%, with a 19% increase in the number of congregations. We have only 13% more ordained clergymen, and slightly fewer unordained or lay ministers. Sunday school enrollment has increased by 41%.

Chaplains are appointed to active duty as need demands and according to denominational quotas which are determined by the published membership of various religious bodies. The number of Church of God Chaplains is, therefore, limited.

There is no such severe limitation, however, upon the chaplains in the Reserve corps. Valuable service can be rendered and contacts made as well as certain benefits realized through such relationships.

The Civil Air Patrol is a civilian service made up of volunteers who go into action at a time of emergency such as flood, fire, etc. To serve as chaplain among these volunteers offers valuable contacts, though without pay.

The Division of Church Service maintains membership in the General Commission on Chaplains and Armed Forces Personnel, an agency which coordinates and serves in a liaison capacity between churches and the various branches of the service.

UNIFORM PROCEDURE OF ORDINATION

In June, 1953, the General Ministerial Assembly of the Church of God took action to approve a "Uniform Procedure of Ordination" and recommend it to state ministerial assemblies. It is not intended as obligatory or binding, but simply a recommendation of the General Ministerial Assembly.

Section I: Ordaining Body

Ordinations in the Church of God shall be administered by groups of ministers representing a district composed of one or more states. Ministerial assemblies representing a section of a state shall not have power to ordain. Any ministerial group authorizing ordination must be composed of not fewer than ten ordained ministers. This section shall apply only to the United States.

Section II: Ordination Committee

Each state or regional ministerial group having authority to ordain in accordance with Section I above shall elect an Ordination Committee of five members, which committee shall have charge of all ordination procedures in its state or region. The manner of election and term of office shall be in accordance with the regular organizational setup of the particular state or region.

Section III: Qualifications for Ordination

It shall be the duty of the Ordination Committee to make full and adequate investigation as to the candidate's qualification on the following points:

- | | |
|--------------------------|----------------------------|
| 1. Divine call | 4. Moral rectitude |
| 2. General fitness | 5. Ministerial experience |
| 3. Theological soundness | 6. Educational attainments |

Section IV: Application

All candidates for ordination shall submit to the Ordination Committee of the state or region in which the ordination is to take place an application on a uniform application blank which shall be furnished by the Registrar of the Clergy Bureau. This application shall be submitted in time to allow public declaration of the proposed ordination, not less than ninety days prior to the date of ordination.

Section V: Public Declaration

All ordinations shall be performed in public, and the candidate shall give in public an affirmative answer to the following questions:

1. Do you honestly believe in the general body of moral, ethical, and doctrinal truths as taught by the Church of God as you understand them to be?
2. Do you understand what the great basic objectives of the Church of God are as reflected in its history and in its present workings as you have had a chance to observe them, and are you in full accord with these objectives?
3. Do you, in the presence of this group, pledge loyalty to and co-operation with your brethren in their endeavor, through local and general agencies, to realize the objectives of the Church, namely, the preaching of the gospel of Christ to the end that individuals may be saved and human society may be redeemed?
4. Are you convinced that it is the will of God for you to enter the full-time ministry, and is it your purpose, barring circumstances beyond your control, to spend your whole life in the ministry? Are you willing throughout life to be diligent in study and in prayer to the end that your mind may be kept alert to truth and that your heart may be quick to feel the sorrow of a sin-ruined world?

Section VI: Ministerial Training Schools

(The section which formerly appeared regarding Ministerial Training Schools has been omitted because it no longer applies. None of our present training schools follow the procedure of ordaining graduates.)

Section VII: Letter of Recognition

Any state or regional group having power to ordain as set out in Section II shall also have power to issue a Letter of Recognition to any person who is active in the ministry but who in the judgment of the Ordination Committee is too limited in experience or ability to warrant ordination according to the provisions of this Ordination Procedure. Said Letter of Recognition shall be valid, not to exceed one full year from date of issue, and must be renewed annually unless superseded by ordination.

Section VIII: Other Ordinations Recognized

Ordained ministers coming to the Church of God from other religious groups shall be regarded as having all the privileges of ordained persons and shall be so listed in the Yearbook only after public declaration of such recognition by the Ordination Committee of the state wherein the minister concerned resides, in accordance with Section IV.

Section IX: Revocation of Ordination

Any body of ministers which according to this Uniform Procedure has authority to ordain shall also have the authority to revoke an ordination for cause. All revocations shall be certified to the Registrar of the Clergy Bureau and to the proper county official in the county where the minister concerned resides.

Section X: Ordination Certificate

Each person ordained shall be given a Certificate of Ordination signed by all the members of the Ordination Committee.

CLERGY-FARE CERTIFICATES—HOW TO OBTAIN THEM

1. Secure from your local ticket agent an application blank for Clergy-Fare Certificate, or send to R. Eugene Sterner, Director of Church Service, Anderson, Indiana.

2. Fill in blank according to instructions on same.

3. Get blank signed by local ticket agent and, except when an ordained minister in charge of a church as a settled pastor, have it signed by some resident minister.

4. Send the application to the Passenger Association whose address appears on the blank. Do not fail to enclose the required fee for expense and postage.

5. In some cases a letter is required from the Registrar of the Clergy Bureau, certifying to the fact that a minister is eligible for rates. Particularly is this so when a minister's name does not appear in the Yearbook, or he is not ordained. Evidence of the standing of such a minister must be presented to this office before a letter of certification will be granted.

6. Those eligible for rates are described on the back of the application blank. No others should apply, as the refusal to grant a certificate will cause hesitation on the part of the Passenger Association to grant any rates in the future to those refused. If in question as to eligibility, consult this office.

The different traffic committees and their addresses are as follows:

Eastern Clergy Bureau
One Park Ave., New York 16, New York

New England Passenger Committee
517-526 South Station
Boston 10, Mass.

E. B. Padrick, Chairman, Western Passenger Association
Room 210, Union Station, 516 W. Jackson Blvd., Chicago 6, Ill.

A. H. Ritter, Chairman, Southwestern Passenger Association
Room 1037, Syndicate Trust Bldg., 915 Olive St., St. Louis 1, Mo.

M. B. Duggan, Chairman, Southern Passenger Association
Room 8, Terminal Sta., Atlanta 3, Ga.

Central Clergy Bureau for Motor Coach Lines
506 S. Wabash Ave., Chicago 5, Ill.

Canadian Passenger Association
320 Union Station, Winnipeg, Manitoba, Canada

2160 Mountain St., Montreal 25, Quebec, Canada

The legislation by Congress in 1956 pertaining to clergy rates on airlines was only permissive—that is, it allowed airlines not receiving subsidy from the government to offer reduced rates to clergymen. To date, only five airlines have taken action to offer such reduced rates. They are as follows:

Allegheny Airlines, Washington National Airport, Washington, D.C.
Bonanza Airlines, McCarran Field, P.O. Box 391, Las Vegas, Nevada
Central Airlines, Meacham Field, Fort Worth, Texas
Cordova Airlines, P.O. Box 1449, Anchorage, Alaska
Northeast Airlines, Logan International Airport, Boston 28, Massachusetts

Application may be made direct to the airline. Reduced fare is generally on the space-available basis.

NOTE FROM U.S. TREASURY DEPARTMENT

In response to evidence presented by the Executive Council of the Church of God, letters have come from the U.S. Treasury Department verifying the exemption of the Church of God and its congregations from Federal Income Tax, and also certifying that contributions, bequests, legacies, devices or transfers to the Church of God or its congregations are deductible in making the income tax reports.

This provision includes your gifts to your local church and also to World Service. In case of necessity, refer to U.S. Treasury Department correspondence IND:EO:59-200, pertaining to the Executive Council, or to IND:EO:59-201, pertaining to the local congregations of the Church of God.

If it is necessary, the office of Church Service can certify the standing of any recognized congregation of the Church of God. Copies of the U.S. Treasury Department correspondence will be furnished in case of necessity.

INCOME TAX HELP FOR MINISTERS

An excellent "Clergyman's Income Tax Worksheet" is available by writing Swanson, Glass & Coates, Certified Public Accountants, 304 Fourth Avenue, Warren, Pennsylvania. It will help you work through complications of rental allowance, self-employment (Social Security) and professional expense and deductions. Single copies are available without charge, but some contribution should be made to cover expenses (perhaps 25c).

SUGGESTED BYLAWS FOR LOCAL CHURCH

Copies of suggested Bylaws for the local church are available at Church Service without charge. These are supplied only for guidance and assistance and would be adapted in each local congregation.

As our work grows, it becomes increasingly necessary to plan ahead—farther ahead. The above calendar of important dates is given to help in this planning.

But our information is inadequate. Will you help us by furnishing full and correct information? Please consult the state pages for information regarding state meetings, officers, etc. Let us make the Yearbook a really useful handbook for everyone who sustains a working relationship in the church.
